CNSS-029-2016

Executive Secretary

MEMORANDUM FOR CNSS MEMBERS

SUBJECT: 2015/2016 Annual Report Addendum

This Memorandum provides information regarding changes to the 2015/2016 CNSS Annual Report. Page 21 of the report, Future Initiatives, discusses the CNSS establishing a Secret Fabric Governance Board which would review, monitor, and provide oversight of NSS network interconnections, Cross Domain Solutions, and the planned Secret Fabric Cybersecurity Scorecard on behalf of the CNSS Committee, and would make formal recommendations for improvement or for specific remediation to departments and agencies, and to the CNSS Committee.

Due to recently discovered concerns with the Office of General Counsel after the 2015/2016 Annual Report went to print, the Secret Fabric Governance Board is instead considering becoming the CNSS Secret Fabric Working Group. The Secret Fabric Working Group would make recommendations, not decisions, working through the CNSS structure.

If you have any questions or need additional guidance, please do not hesitate to contact the CNSS Secretariat at 410-854-6805. Thank you in advance for your support.

Sincerely,

//s//

Emil Volcheck
